KUNST BULLETIN

short — clear — precious

Those looking to stay informed about what's going on in the world of art should look no further than the Kunstbulletin. With more than 20,000 readers per issue, Kunstbulletin is the most widely read art journal in Switzerland. We publish ten editions a year, providing features such as artist profiles, interviews with art experts, exhibition reviews, theoretical pieces, tender offers, jobs in the art sector and the most comprehensive exhibition calendar in Europe, all in one handy publication. Since 1968, our journal has enabled local stakeholders in the art industry to gain recognition on the national and international stage.

Kunstbulletin is published by the Swiss Art Association, a non-profit organisation currently made up of 37 local and regional art associations.

In addition to the print magazine, Kunstbulletin takes place online: we operate the research platform kunstbulletin.ch and send out the free eJournal Kunstbulletin weekly once a week with event tips and background reports on the Swiss art landscape. We also offer the progressive web app artlist.net free of charge as an art compass for use on the move.

For those interested in art, then, Kunstbulletin is an essential publication within the Swiss art landscape. By advertising in our magazine, on our website or in our eJournal, you can strike the right tone in the right place.
